

COLOR RUSH

Color Mixing Game

MATERIALS NEEDED

- Painted color cards
- Color Rush Color Mixing Sheets
- Paint (red, blue, yellow, cyan, magenta, white, black)
- Paintbrushes
- Cardboard mixing palettes
- Water cups
- Paper towels/rags

HOW TO PLAY

- 1 Divide students into teams of 2-4 and pass out materials.
- 2 Give each team the same color card.
- 3 Have students try to match the color on the color card by mixing their paint colors on the cardboard palette. Once students think they have matched the color, they should paint it onto their Color Rush Color Mixing Sheet.
- 4 The first team to accurately mix the color gets one point. If the task is too easy or takes too long, set a timer. When the timer goes off, award the point to the team with the closest match.
- 5 The team with the most points wins!
