

3-D

ABSTRACT SCULPTURE

PROCESS

- 1 Create a sculpture that resembles...nothing...but has a nice shape, texture, mood, feel, color, etc.
- 2 You will use clay, metal, and plaster to create the sculpture.
- 3 Draw three views of your final sculpture.
- 4 Sculpture should fit in the boxes provided.

YOUR SCULPTURE MUST HAVE 3 OF THE 5 DESIGN PRINCIPLES!

FOCAL POINT

The area in design that grabs the viewer's attention.

UNITY

When a design works together by repetition of line, shape, color, etc.

BALANCE

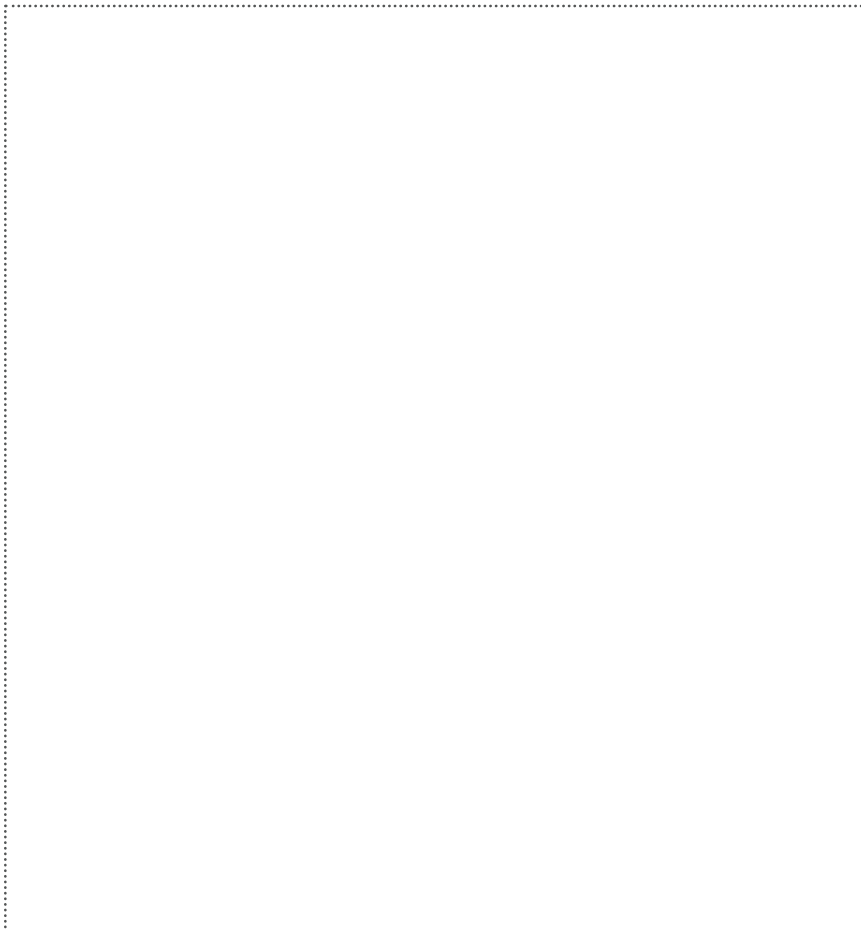

Sculpture has equal visual weight on both sides.

MOOD

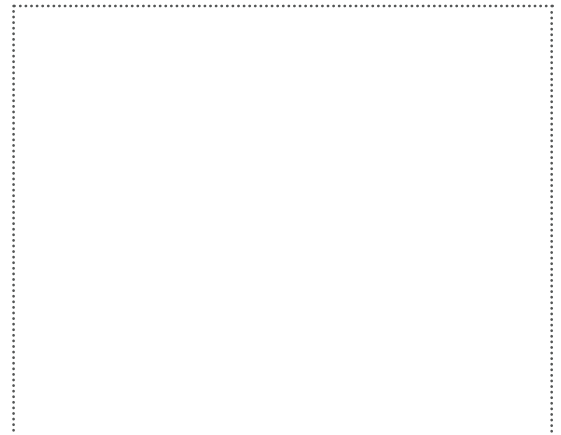

How the work makes you feel.

DEPTH

Making sure the 3-D piece is interesting from all sides.
