

## Learning Goal: List criteria and use it to evaluate artwork.

National Standard, HS Proficient: VA:Re9.1.1a: Establish relevant criteria in order to evaluate a work of art or collection of works.

List Criteria	Criteria is clear and relevant to the work being evaluated. It creates a clear picture of quality work.  “We should be able to see how the artwork is about the assigned theme.”	Criteria is general or vague. The picture of work it creates seems incomplete or generic.  “The art should be about the right thing.”	Criteria doesn't make sense or is unfinished. No picture of quality work is created.  “It has to be good.”
Evaluate Artwork	There is a clear relationship between the criteria and the evaluation made from it.	The criteria and the evaluation have a loose or surface connection.	The evaluation seems unrelated to the criteria or the criteria were not used.
