19:06:58 From Lindsey Moss : These platforms were originally designed for district level purchasing, and we encourage you to reach out to your administration to get assistance. HOWEVER, we know there can be an individual need right now. As an individual teacher, the cost of PRO is \$39 a month and \$399 a year. FLEX is \$49 a month or \$499 a year. Right now we are trying to help teacher swho have a need...so a individual teacher can get \$150 off of one platform, and \$200 off the total cost if you bundle both annual subscriptions.

19:15:47 From Heather Evans : wow it has been amazing, the sharing!

19:15:51 From Cheryl Treiber-Kawaoka : My art teacher friends and teacher candidates have a hard time get students to participate - the work is "optional enrichment" because it isn't equitable to grade students who may not have access.

19:16:01 From roxy : I love seeing all the support teachers are giving each other online!

19:16:04 From jataylor1 to All panelists : Yes! I'm curious as to what people are most worried about when connecting with students? Is it the challenge of keeping them engaged and connected to learning? Or is it to personally connecting with students? Or...

19:16:05 From Rhonda WW : Ori, Element

19:16:06 From Dominika to All panelists : marisa exactly ! half don't have computer

19:16:07 From Mary K. : I teach 52 classes, k-5. How to connect with 52 teachers and knowing I only saw students every nine days and having taught 34 years but not great with technology - I am panicking because our system is closed for the rest of the year!

19:16:10 From susangrieder to All panelists : Equitable access to materials and access.

19:16:17 From Ori : Interesting

19:17:02 From Kate K. From PA : Mary K. I feel your pain. How do we assess this

You can listen here: <https://theartofeducation.edu/podcasts/>

19:17:28 From Ori : Same here with the HS Art seems like an option sometimes even though it can help their GPA big time

19:17:29 From Mary K.. : GA. 1270 students, K- 5. I MISS MY KIDS!

19:17:29 From Li'omatuahaili Ripley to All panelists : yup

19:18:00 From Cara Westphal : not into digital learning

19:18:09 From Pam to All panelists : Our superintendent is not concerned with grades at all in any subject, so I only about 30% of my 400 students participating. Those that are are very happy to participate, but some students are checked out.

19:18:18 From sharrington to All panelists : HI Kit!

19:18:19 From Anna Maspero to All panelists : I teach high school art as well at a super small district

19:18:43 From Timothy Bogatz to All panelists : Hello, Kit! Awesome to listen to you on the podcast again, and great to have you here!!!

19:18:45 From Melissa A : Thank you for being here!!!

19:18:46 From Arberie to All panelists : Hi

19:18:50 From Ori : Cara are they able to pick up their clay from school?

19:19:09 From Caira Frohman : Thank you all for doing this!

19:19:18 From Cara Westphal : no- I teach on Long Island NY where we are all “sheltering in place” to avoid COVID

19:19:29 From Ori : oh no I am sorry to hear

19:19:32 From Nicole Lalonde to All panelists : There are some options on here for homemade “clay,” though it may not work for a ceramics class.

19:19:41 From Ori : i was going to suggest greenware projects

19:19:43 From Lindsey Moss : Wanna listen to that podcast? Nic hosts one of our two amazing podcasts, the Everyday Art Room

You can listen here: <https://theartofeducation.edu/podcasts/>

19:19:54 From Lisa Weber : 1 week in here too (Aurora, CO)

19:20:04 From Cara Westphal : I've been having them make paper vases out of twisting newspaper - But its a challenge. These poor kids waited for ceramics, finally got the course, and this :(

19:20:06 From Gena to All panelists : We have approximately 6 weeks of school technically . Can I use maybe three lessons and expand on them.

19:20:10 From Desiree Willson to All panelists : this is our 2nd week

19:20:10 From susangrieder to All panelists : Technology training? As a “senior” teacher who is not a digital native, I find all of this incredibly stressful. I have already been “laid off” because of this. Age discrimination is becoming a major issue in this environment.

19:20:15 From NICOLE SOLEY to All panelists : Yeah, MN! I also teach in MN. Burnsville. Governor Walz is doing AWESOME.

19:20:15 From Victoria Thor : MN has the best Gov! yay Tim Waltz

19:20:17 From Lauren Gaylord to All panelists : She got 2 weeks?!?! We had 2 days.

19:20:27 From Marni : ...Because Walz is a former teacher, he knew we needed time to plan and prepare!

19:20:28 From Lauren Gaylord : She got 2 weeks?!?! We had 2 days.

19:20:33 From Lori VanBuskirk to All panelists : Two weeks here with no planning time.

19:20:34 From Lindsey Moss : Careers in art is a smart strategy!

19:20:36 From Ori : Cara I feel your pain

19:20:41 From Kathleen Chester to All panelists : On LI here cara

19:20:42 From Jackie Passeti : In week 3 here in the Syracuse area. Trying to keep to a lot of pencil based things, or found object type things. A lot of kids don't have art materials at home

19:20:42 From Nicole Lalonde to All panelists : That's probably one of the most gut wrenching part - so many kids who are excited to take our classes, because that's where they can shine - only to have the rug swept out from under them.

19:20:44 From Heather Schulz : Cara, can you have them create “clay” at home? Salt dough, paper clay, etc?

19:20:44 From Mary Ure : can your students make paper clay? water, paper flour or glue?

19:20:48 From dgerl to All panelists : I agree he has been amazing

19:21:00 From Jackie Passeti : I just assigned a found object color wheel to my younger kids

19:21:01 From Erin Walker : what do people use if students are not able to access utube?

19:21:07 From roxy to All panelists : Hawaii is only doing “enrichment lessons”, nothing is required so it's hard to get students to do projects

19:21:08 From Lindsey Moss : Love that Lego Masters!

19:21:09 From Heather Schulz : Great. Minds thing alike Mary :)

19:21:11 From jataylor1 to All panelists : Does Nic or AOEU have a list of all the different art related careers out there? (Or a starter list?)

19:21:13 From Ori : Salt Doug is fun.. :)

19:21:22 From Cara Westphal : I teach in a title 1 (impoverished) district- we're allowed to require paper and pencil only as per the district

19:21:25 From Lindsey Moss : Oh, Janet... that's a good ask...lemma see...

19:21:29 From Mary Ure : our district sent packets home to all students.

19:21:41 From Tessa Hitz : YES I have seen siblings tag team a ton this week! <3

19:21:43 From Amanda Heyn to All panelists : Here's a list of careers on AOEU! <https://theartofeducation.edu/2017/07/24/60-visual-arts-careers-discuss-students/>

19:21:54 From Melissa Schulman : So did you only do one assignment for all k-5 total?

19:21:57 From Sheryl B : Loving that idea!

19:21:58 From Gena to All panelists : Our system set packets home also.

19:21:58 From jataylor1 to All panelists : Thank you Lindsey!

19:22:03 From chuck : is YouTube the best medium to record demonstrations

19:22:59 From Mary Ure : 8 assignments 10-15 min. We did a choice board with art, P.E., music

19:23:02 From Marisa Keith : it's as close to cloning yourself as we can get it

19:23:12 From Nicole Lalonde to All panelists : I use Screen Castify, which loads them to youtube. Zoom and Google handouts also has a record option. I haven't used it yet

19:23:22 From Kerri F. to All panelists : @Nic I love the Glue Song you made.... Why you gotta be so rude cover!

19:23:24 From jaq888 to All panelists : ask for admin to allow teachers to approve videos for students to access? My district did and it's working well in Google Classroom

19:23:31 From Desiree Willson to All panelists : 10-15min each week for my elementary kids. If they don't do it we can't put in a 0.

19:23:58 From jataylor1 to All panelists : One thing I would ask your district, can you get district approval for youtube? YouTube is blocked on our kids' computers as well, but we have been granted access through our district to approve certain videos or channels so we can link pertinent content.

19:24:12 From chuck : if YouTube is blocked and zoom is discouraged

19:24:16 From Ori : <https://twitter.com/gettymuseum/status/1242845952974544896>

19:24:31 From Sheryl B : Yes I had a Visual Arts Club before. I am trying to plan how to continue to meet with those students.

19:24:44 From Rhonda WW : Create your own video in Google Slides. Make the video and insert it!!

19:24:48 From susangrieder to All panelists : Love the idea of power of pause but I am such a novice!

19:24:50 From Amy Wenzel : interested to hear from others whose districts are discouraging zoom, and why. my admin is really pushing it.

19:24:56 From jaq888 to All panelists : Google Classroom helps me keep in touch with my club members

19:25:03 From Patty Gallagher to All panelists : K-5, I did one set that I was able to send home before we went remote...a different one for each grade level: story starters to write and illustrate, and a list of suggested activities geared to grade level. This Monday, I posted to Google Classrooms (one for each grade level) all the same activity (shadow drawings, nature art like Andy Goldsworthy, and a portrait made up of cut-up facial features.

19:25:06 From Blankman to All panelists : did you say that you were going to send everyone a copy of all resources mentioned in the chat or throughout the webinar?

19:25:10 From Anna Maspero to All panelists : I had a very active Art Club at school. I have a separate google classroom for them and we're doing sketchbook activities every couple of days

19:25:23 From chuck : #MetKids is great

19:25:24 From Lena Rodriguez to Timothy Bogatz (Privately) : hey!

19:25:31 From Rhonda WW : Hackers get into Zoom easier than a district protected Google meeting

19:25:36 From Tessa Hitz : Amy my district is telling us no to Zoom right now. We aren't allowed to go "live" with our kids so I'll be pre-recording everything as far as I know.

19:25:38 From Jackie Passetti : Our district has been very pro-Zoom. Some teachers are also using Google Hangouts

19:25:40 From chuck : zoom has malware

19:26:20 From Lindsey Moss to All panelists : My district is Pro Zoom...with some specific instructions to avoid outsiders joining... Im going to talk about it in a bit

19:26:26 From Heather Schulz : Does your LMS have a conference option? We have schoolboy and it has it's own version of zoom.

19:26:31 From Jackie Passetti : We were just told that if we use Zoom to make the meetings password protected so that we don't have to worry about "Zoom bombing"

19:26:43 From Nicole Lalonde to All panelists : Zoom has put in a new feature called waiting room to combat unwelcome guests. They had that feature before, but now it is a default setting

19:26:44 From Lindsey Moss to All panelists : That is good advice

19:26:53 From Heather Schulz : Schoology*

19:27:28 From Kristina Anderson to All panelists : what do you all use to edit videos?

19:27:31 From susangrieder to All panelists : I have seen postings about hacking of Zoom presentations with "racist" messages.

19:27:35 From Tessa Hitz : I wish we were allowed to use it...I'd give anything to see my kiddos face to face and actually connect with them in real time.

19:28:02 From Victoria Thor : Zoom has a "waiting room" that controls who is participating and who you can block

19:28:30 From Pam to All panelists : We had one half of a day to plan

19:28:40 From Lindsey Moss to All panelists : YES! Password, waiting room, disable participants ability to share screen... it makes it safer for kids

19:28:52 From Mary Ure : I've been making videos with clips-it is cool to use!

19:28:56 From Cara Westphal : I use clips on iphone- so much easier than I movie, and keeps the videos short!

19:29:14 From Lindsey Moss to All panelists : Amanda mentioned it already... Nic made a Pro pack all about Flipped Ed
If you subscribe to PRO, you can watch it here: <https://theartofeducation.edu/packs/easy-steps-get-started-flipped-classroom/>

19:29:20 From Dan : @Heather- any tips on how you are using schoology? Its our district's LMS but I've only used it for grading in the past. I don't find it very user friendly...

19:29:38 From Amanda Heyn : Here are some of the instagram accounts Nic is mentioning! <https://www.instagram.com/ceramify/?hl=en>, <https://www.instagram.com/mskitlang/?hl=en>, <https://www.instagram.com/rubieartstudio/?hl=en>

19:30:36 From Dana Len to All panelists : I made a very "creative" contraption to film with my phone focused on my work area. Did anyone find an actual setup that works with iPhones?

19:31:19 From Kimmie Bayliss : Great information Nic!

19:31:22 From Elizabeth Clark to All panelists : What about the zoom recording function is it efficient?

19:31:24 From Amanda Heyn : Hey everyone! Some people have their chat settings so their comments are going just to panelists (me, Tim, Nic, Lindsey, etc.). If you want to chat with everyone, you can change it to "all panelists and attendees" right above where you type! :)

19:31:34 From Imrap to All panelists : I looked it up days ago. About \$130.

19:31:36 From Victoria Thor : Love Screencast-o-matic!

19:31:36 From Nicole Lalonde to All panelists : looks like \$99 USD

19:31:41 From jataylor1 to All panelists : My colleague (Janell Matas) will do demos using her document projector and then while demoing will record that for her youtube channel. Two birds with one stone! (Obviously not for learning but later...)

19:31:43 From Kim Steele to All panelists : Green screen, very cool!

19:31:54 From Kimmie Bayliss : Why do you use a green screen?

19:32:08 From Lindsey Moss : You can change your background with a green screen!

19:32:09 From Heather Schulz : Schoology is not really user friendly but it works enough. I add my videos to my resources then add them into the class and embed it so students don't have to open other apps (work around for YouTube blocking if you download the video and place it in schoology)

19:32:14 From Ori : TY Nic

19:32:16 From jataylor1 : (Thanks Amanda- that was me! lol)

19:32:43 From Eirene Mavodones to All panelists : Thank you Nic!

19:32:51 From jataylor1 : One thing I would ask your district, can you get district approval for youtube? YouTube is blocked on our kids' computers as well, but we have been granted access through our district to approve certain videos or channels so we can link pertinent content.

19:33:01 From Jennifer to All panelists : Used to teach in Coppell, TX!

19:33:21 From Patty Gallagher : K-5, I did one set that I was able to send home before we went remote...a different one for each grade level: story starters to write and illustrate, and a list of suggested activities geared to grade level. 19:37:05 From Blankman : Lena is giving examples of things that need a lot of internet accessibilities....it can be changed to something 3D that the kids can make with whatever they have at home. I would love to do this in my classroom, though

19:44:39 From Ori : Zentangles are also a great meditation tool

19:44:44 From emilycrosby to All panelists : I found this link to be really helpful for students who don't have supplies! <https://artprof.org/teaching-learning-art-online/art-supplies/>

19:44:46 From Solangel Lopez : If you don't want to use food as a paint alternative, they can use plants or grass, and even some watered down dirt. It makes for some nice experimentation

19:45:00 From Kit Lang : What a wonderful idea Lena! Is this scavenger hunt available to use?

19:45:00 From Erin Walker : Painting with water on the sidewalk or on rocks and watching it evaporate I have tried with kids too.

19:45:02 From Melanie Devoy : Make "A Humument" - using a page from an old book or magazine students circle words to create a short poem - the rest of the page can be drawn/coloured - these can be amazing.

19:45:02 From Victoria Thor : Zentangles were a hit with 5th graders this week.

19:45:07 From Nic Hahn to Galaxy S8, All Panelists : I was asked: how do you make it do that video suggestions dont pop up after kids view your YouTube teaching video?

19:45:14 From Kate K. From PA : I did a pressed flower and leaves lesson

19:45:24 From Ori : Right on Victoria

19:45:32 From Sheryl B : Yes Zentangles are especially great with older students. At least 4th grade.

19:45:35 From Victoria Thor : Black-out poetry too!

19:45:35 From Nic Hahn to Galaxy S8, All Panelists : When I present to kid, most often I put it in a google slide show and share that. It prevents the ads, and other videos

19:45:35 From Desiree Willson : I did Op Art with my 4th and 5th graders

19:45:37 From Donna to All panelists : any tips on making sure students are turning in their own work and not just pulling something off the internet or sharing an image from a friend

19:45:41 From Jackie Passetti : If they have a newspaper or magazine, you could also try doing "black out poetry" and have them incorporate some kind of a drawing or design element into it

19:45:43 From Mary Ure : I've seen a lot of people recreating famous art lately in photos of themselves.

19:45:50 From Candace Herring to All panelists : we told ours to make collages outside on the ground with found objects and then take pics of it to send to us.

19:45:51 From Lindsey Moss : Donna, maybe reverse image search?

19:45:52 From Ori : Art Tableaus should be fun as well

19:45:52 From Solangel Lopez : LOVE that water painting idea Erin

19:45:53 From Stollp to All panelists : My drawing and design students were studying Frida Kahlo. Can Lena share her scavenger hunt. I have them sketch the two Fridas image and ask engaging questions but I would love to add this.

19:45:54 From Desiree Willson : torn paper collage is a great idea using scrap paper

19:46:03 From Desiree Willson : my kids didn't have the glue though

19:46:05 From Blankman : or magazines

19:46:09 From Lindsey Moss : Desiree! YES!!! Torn paper is a great plan..

19:46:13 From Ori : Draw in the sand? Or build with sand?

19:46:19 From sarah smith to All panelists : you can make glue if they have flour and water

19:46:23 From sarruda to All panelists : I am making draw along videos that they can do with me or just watch, I don't want to put any added pressure on them if they don't have any materials I hope just making it feel like we are back

in class and listening to my voice would be comforting for them.

19:46:28 From Lindsey Moss : I told my kids that they can just “set a collage together” if they don’t have glue

19:46:40 From Anna Maspero : If no glue they can take a picture of it and that can be the final piece

19:46:43 From Liz Healey to All panelists : flour and water for glue

19:46:48 From Desiree Willson : ooh good idea!

19:46:53 From Lindsey Moss : Yup, agree, Anna!

19:46:54 From Blankman : another idea for paper is to use the back of our “scroll” of paper we get from the store.

Not the part with the credit card info of course

19:47:00 From Erin Walker : you can weave without glue, helps younger students if you dont cut all the way to the edge

19:47:00 From Jackie Passeti : Create a “landscape” using clothing, household objects, etc, and take a photo of it

19:47:02 From Nicole Lalonde to All panelists : Mary, I’m going to get mine to do that too! Only they’re going to use modern materials to talk about the modern age. I did it last semester and it was a hit. Now I’m going to get them to talk about social isolation.

19:47:15 From Ori : Right on Jackie!

19:47:17 From Leigh L Hall to All panelists : i had mine redesign a board game to reflect the times. We have a “A Life in Quaretine” game

19:47:21 From Amanda Martinez to All panelists : Yes!

19:47:25 From sarruda : I am making draw along videos that they can do with me or just watch, I don’t want to put any added pressure on them if they don’t have any materials I hope just making it feel like we are back in class and listening to my voice would be comforting for them.

19:47:25 From roxy to All panelists : love that Jackie!

19:47:29 From Lindsey Moss : Leigh...that sounds really cool!

19:47:31 From Pam Roble to All panelists : Sand can be substituted with salt or sugar. Color the salt in a paper plate with colored chalk.

19:47:46 From Ori : Use red clay or charcoal from the bbq ...

19:47:49 From Christie to All panelists : I am confused here. We started off by someone saying to get kids “off line” and this is all on-line stuff.

19:48:04 From bethany to All panelists : Offer options! No glue? don’t glue. no color? use value. no scissors? tear paper. no ruler? use a book or table edge....

19:48:11 From jhamer : great idea

19:48:11 From Anna Maspero : They could try different rocks/natural materials to see what they can make a mark with.

19:48:22 From Ori : Love is Anna

19:48:27 From Melinda Loggins to All panelists : Thank you Lena for your passion for art

19:48:32 From Ori : Love it*

19:48:46 From Anna Maspero : I used to do that as a kid on the driveway in the summers, lol

19:48:46 From Candace Herring to All panelists : Also I signed up with my email to join this webinar from 7-8 and missed it by accident halfway through so I waited for this one to start is there a way to still get credit since I waited for this one.

19:48:49 From Anna Maspero : Thanks!

19:48:56 From Debra Kowalski to All panelists : Yes! Love that critical thinking. Thank you to this speaker!

19:48:59 From Jackie Passeti : Or another photo assignment - look around the hous and find “faces” - eyes, mouth, maybe a nose. Things like electrical outlets, knobs and pulls on cabinets, windows, etc

19:49:05 From roxy to All panelists : chalk rock!

19:49:07 From Lindsey Moss : Candace, it is archived! You can watch anything you might have missed!

19:49:19 From JUSZLIFLOYD : rocks on rocks- rocks on sidewalk. Piece of broken brick on sidewalk

19:49:26 From Anna Maspero : Oh Jackie I love that idea!

19:49:26 From Melanie Devoy : Draw/paint with water on dry pavement - temporary art graffit

19:49:33 From Melanie Devoy : grafitti

19:49:38 From Mary Ure : I love the social-emotional tie in that art is naturally a good fit for.

19:49:50 From Jackie Passetti : Thanks, Anna! The photography teacher at our school has done something like that with his black and white class before

19:50:02 From Melissa Schulman : Great ideas!

19:50:02 From Lindsey Moss : Thanks Tim and Lena!!

19:50:12 From Melissa A : Jackie, I love that idea! All of these!

19:50:13 From Gina Mann to All panelists : what shows can you share for kids to watch for this Soc. Comm or Art History content

19:50:40 From Lindsey Moss : Here are those links again! <https://artofed-uploads.nyc3.digitaloceanspaces.com/2020/04/5ArtHistoryIdeasForDistanceLearningWeek3.pdf>

19:50:45 From Ori : How about teaching them some photography guidelines, rule of thirds...etc?

19:50:47 From Lindsey Moss : https://artofed-uploads.nyc3.digitaloceanspaces.com/2020/04/144Artists_Week3_08.pdf

19:50:56 From Li'omatuahaili Ripley to All panelists : Great idea.

19:51:02 From Blankman : we just did messages of hope. The kids drew a head with a smiley face, separate hands waving...and a word bubble with a positive word! Older kids were challenged to incorporate graffiti lettering in their bubble. We are putting them on our school facebook site to all the kids can see them since we are stuck in our houses

19:51:26 From Lindsey Moss : Good questions!!!

19:51:28 From Jennifer to All panelists : I make my own one page artist info that they can print for our non tech kiddos!

19:51:28 From Blankman : they only used paper, pencils, something to color with and tape to hang it up. really crative!

19:51:33 From Lorca Beebe-Diaz to All panelists : Only in the US can you not show Nudes in Art...

19:51:42 From Stollp to All panelists : Lindsey, I am a pro member, does that include Flex which came onto the site after?

19:51:48 From Cheryl Treiber-Kawaoka : <https://www.thisiscolossal.com/> Great for kids

19:51:53 From Liz Cruz to All panelists : Hi Lena! Love the scavenger hunt idea!

19:52:01 From Lindsey Moss : No, Flex is separate... These platforms were originally designed for district level purchasing, and we encourage you to reach out to your administration to get assistance. HOWEVER, we know there can be an individual need right now. As an individual teacher, the cost of PRO is \$39 a month and \$399 a year. FLEX is \$49 a month or \$499 a year. Right now we are trying to help teacher swwho have a need...so a individual teacher can get \$150 off of one platform, and \$200 off the total cost if you bundle both annual subscriptions.

19:52:31 From Li'omatuahaili Ripley to All panelists : ok

19:52:34 From Kate K. From PA : I am going to have my students create their own how to draw sheet to share with their classmates (anime, chibi, cartoons)

19:52:37 From Lindsey Moss : BUT, I have PRO too and there are some resources in there that could be used student facing right now

19:53:04 From Melissa A : @Cheryl Thank you. I want to this with my kids.

19:53:05 From Maria Beucke to All panelists : Preview everything completely so you're not caught with a surprise!

19:53:24 From Lorca Beebe-Diaz to All panelists : Gracias!

19:53:25 From Candace Herring to All panelists : thanks

19:53:25 From Megan Dehner to All panelists : I LOVE LENA!!!

19:53:25 From Leigh L Hall to All panelists : Lindsey, one of them is based on the monopoly game. Going to jail is equivelent to going to quarentine

19:53:26 From Melissa A : THank you Lena!!!!

19:53:27 From Rhonda WW : The 12 Google Art museum virtual tours have several that have nude art. My principal advised me to not TELL them about it, but if they discover it on their own.....

19:53:27 From Victoria Thor : Thanks Lena!

19:53:30 From Linda D to All panelists : Thank you, Lena!

19:53:52 From Pam Roble to All panelists : Great! Love it!
